LLSTONES

Before Breakfast a Splendid Habit

Open stuices of the system each morning and week away the poleonous, stagment matter.

feel dull and heavy when we arise; splitting hendache, stuffy from a cold, foul tongue, nesty breath, acid etom-ach, lame back, can, instead, both look and feel as fresh as a daisy always by washing the poisons and tozins from the body with phosphated hot

water each morning.
We should drink, before breakfast,
a glass of real hot water with a teaspoonful of limestone phosphate in it to flush from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach.

The action of limestone phosphate and hot water on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast and it is said to be but a little while until the roses begin to appear in the cheeks. A quarter pound of lime-stone phosphate will cost very little at your druggist or from the store, but is sufficient to make anyone who is bothered with billiousness, constination, stomach trouble or rheumatism a real enthusiast on the subject of internal sanitation. Try it and you are assured that you will look better and feel better in every way shortly .-Adv.

"Dr." is an abbreviation frequently used to express the relations of a patient to his physician

WESTERN CANADA

900 Million Dollars in New Wealth Added in 1915.

Canada as a whole has enjoyed wonderful prosperity in 1915, from the products of the farm, the orchard and the centres of industry. No country wrote a brighter page of history in agricultural and industrial development during 1915 than Canada. Nearly a billion bushels of grain produced. Taxes in Western Canada average \$24 and will not exceed \$35 per quarter section, which includes all taxes. No

taxes on improvements. When Western Canada was faced with her enormous harvest last fall the military authorities decided that soldiers in Canada could give the Empire no better service for the time being than to assist in harvesting the crops. For that reason leave of absence was given to soldiers who wished to work in the harvest fields. and their labor was an important fac- at \$3,390,000. The value of the total tor in harvesting the big crops success- of 878,000 cattle is placed at \$32,036.

The necessity for increasing the agricultural production is commanding even more attention in 1916, and it is now announced that soldiers in Canada may obtain leave of absence from their military duties in the spring for a certain length of time to enable them to plant the seed for the crops

in every Province of the Dominion. The fact that the Government recognizes the seeding and harvesting of Canada's crops as being of the first importance is perhaps the best evidence that conscription or any increase of taxes which would reduce the agricultural activity of Canada will never be considered by the author-

Owing to the number who have enlisted for overseas service it has been found necessary to secure farm labor in the United States. It is hoped that fifty thousand can be secured .- Adver-

If women looked like the pictures in fashion magazines men would take to the woods.

SALTS IF BACKACHY OR KIDNEYS TROUBLE YOU

Eat Less Meat If Your Kidneys Aren't Acting Right or If Back Hurts or Bladder Bothers You.

When you wake up with backache and dull misery in the kidney region it generally means you have been eating too much meat, says a well-known authority. Meat forms uric acid which overworks the kidneys in their effort to filter it from the blood and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sours, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels often get sore, water scalds and you are obliged to seek relief two or three

times during the night. Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous saits is made from the acid of grapes and lemon juice, com-bined with lithis, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weekness. Jad Salts is a life saver for regular

"Drys" Meet at Albuquerque. Albuquerque. - A strict anti-liquor platform designed to permit co-operation by the Woman's Christian Temperance Union or other temperance organizations was adopted at the first state Prohibition convention here, Fifteen of the twenty-six counties were represented by delegates or proxies. Three ministers, the Rev. Messrs. Shade of Las Vegas, Peterson of Deming and Ogilvie of Roswell, were named delegates to the national convention. The Rev. Randolph Cook of Albuquerque, who presided, and three others, were named on the state com-

States Taxable Valuation \$50,000,000. Santa Fe-With a total property valuation in the state of \$305,710,509 an increase of \$33,808,660, the total taxable value of livestock in New Mexico is close to \$50,000,000, a state tax commission tabulation shows. This is an increase of nearly \$12,-000,000 over 1914. The total number of all livestock in the state is placed

are 2,120,000 sheep, valued at \$9. 628,000, an increase of \$1.786,000.

000, an increase of \$9,271 000. There

\$16,000,000 Fraternal Insurance. Santa Fe-Fraternal insurance to the amount of \$15,867,285 was in force in New Mexico on December 31, 1915. This was an increase of \$1,429,474 compared with the amount in force at the close of 1914. The benefit certificates held in the state at the end of the last year numbered 12.761, as against 11,083 at the end

of the preceding year.

\$20,000 Insurance Collected. Santa Fe-Fees collected by the State insurance Department during the month of March totaled \$20,-116.94, and this amount was turned into the state treasury. In addition the state corporation commission collected insurance fees to the amount of \$2,514. The corporation fees collected by the commission in March

amounted to \$1,088.30.

State Lands are Sold. Santa Fe-Another 45,000 acres of state lands were sold at Deming by Fred Muller of the state land office. W. D. Murray and associates of Silver City bought 6,000 acres of the socalled Miesse tract at \$5 an acre. Los Angeles people bought 42,000 acres at \$3 an acre.

Rejected Cousin Snoots Girl of 18. Artesia.-Because she would not marry him, it was said, Jesus Aguilar shot and perhaps fatally wounded Flora Martinez, 18 years old, his first cousin. She was to be married to an-

To Survey Public Lands. Santa Fe-Guy T. Harrington, deputy United States surveyor, will leave with a surveying corps to survey the remaining public lands in eastern Mora county that are still unsurveyed. There is no other section of New Mexico into which homesteaders have poured in such large numbers of late years, but those settling on unsurveyed land, thereby merely acquired the rights of squatters and cannot perfect their titles until survey is made, approved and filed.

Democratic State Convention May 24. Santa Fé.-Chairman N. B. Laughlin of the Democratic state central committee issued the call for the state convention at Albuquerque, May 24, to name delegates to the national convention at St. Louis June 11. The apportionment calls for 234 delegates for the state meeting. County conventions are meat eaters. It is inexpensive, cannot injure and makes a delightful, effer-vescent lithin-water drink.—Adv. to be held not later than May 19.
